

SS&C Intralinks InvestorVision™ Posting Services

Meeting LPs' increasing demands for data and transparency can be time- and resource-intensive for fund managers.

The hours spent collecting, preparing, posting and publishing documents to your investor portal diverts your team from value-creating initiatives. Let Intralinks InvestorVision Posting Services handle the repetitive administrative tasks – so you can spend your time generating returns and building lasting investor relationships.

InvestorVision Posting Services helps you:

Focus on your investors and strategy

Deliver timely updates to investors

Reduce costs

Offload time-consuming document management

Streamline workflows

Whether you're a large, mid-size or smaller firm, our **managed service team can scale to support** your reporting needs — **no matter how complex.**

Why choose Intralinks Posting Services?

Trusted expertise

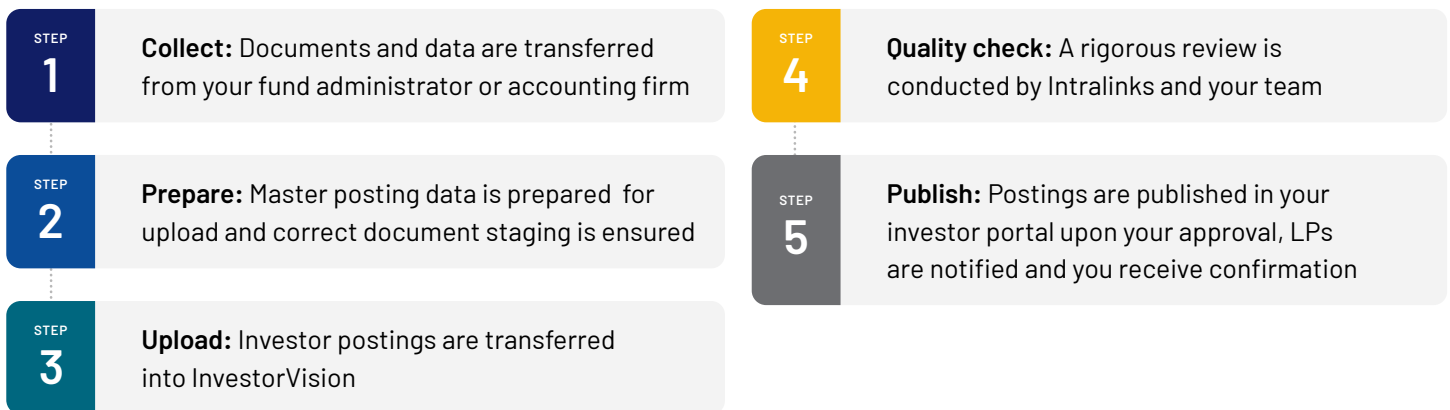

Reliability and integrity

Single point of contact

How it works:

We'll collect, prepare, upload, quality check and post your documents — including capital calls, distribution notices, quarterly and annual reports, and more to your investor portal.

Trust our brand, service and the security we consistently deliver.

**USD 35
trillion+**

worth of financial transactions

**Over \$1 out
of every \$2**

raised globally on our platform

**515,000
individuals**

from 100,000 organizations use
our fund reporting portal
